

INVITATION

to the

17th International multidisciplinary conference of life sciences, technologies, biomedicine, and physical sciences

THE VITAL NATURE SIGN

**dedicated to the 95th birthday anniversary of
Professor Stellan Hjertén**

The conference will be organized **on-line on May 18-19, 2023**, by Vytautas Magnus University (Kaunas, Lithuania), Lithuanian Academy of Sciences, and Nordic Separation Science Society. For more information see:
<http://vns.microsep.org>

Why it is useful to participate in the 17th *THE VITAL NATURE SIGN* conference:

- It is a nice opportunity to present your scientific results to colleagues and guests **for no conference fee**;
- It is a nice opportunity to **create new contacts** and to find partners for future projects;
- There is no need to think about poster printing - **only e-posters (5 min flash-presentation)** will be presented during the conference.
- Conference proceedings may be published in: „Chemija“, „Lithuanian Journal of Physics“, „Biologija“, „Toxicological & Environmental Chemistry“ and „Environmental Research, Engineering and Management“ scientific journals.

Organizers of the conference:

*Instrumental analysis Open Access Center,
Faculty of Natural Sciences of VMU
Lithuanian Academy of Sciences
Nordic Separation Science Society (NoSSS)*

Chairman of the organizing
committee:

Acad. Prof. Habil. Dr. Audrius
Maruška
